1. Sign in through ‘Discovery’. Sign in at the upper right corner on: http://tudelft.on.worldcat.org/discovery

2. Select Onegini.

3. Select a social account with which you are able to sign up (Facebook, Google, LinkedIn, Microsoft and Twitter). In case you do not wish to use a third party-account, skip to step 9.
4. Sign in with your social account.

5. Click on the accept button.
6. Fill in at First name: *name of the contact*, at Last name: *name of the company/institution*. Other field to fill in: Email address, mobile number. Agree with Terms of use.

7. Choose ‘Yes, share this data’ on the next screen.
8. Now the account will have to be activated. This can be done in two ways:

- The TU Delft library employees at the helpdesk can activate your account
- You can send a mail to library@tudelft.nl with the subject: Request activation OneGini

Mention in your email:
The names on which both the old account as well as the new account are registered, the barcode of the old account.

9. Fill in at First name: name of the contact, at Last name: name of the company/institution. Other field to fill in: Email adress, mobiele number. Agree with Terms of use.
10. Next you will receive a confirmation mail. Please verify your e-mail address.

11. Now the account will have to be activated. This can be done in two ways:

- The TU Delft library employees at the helpdesk can activate your account
- You can send a mail to library@tudelft.nl with the subject: Request activation OneGini

   Mention in your email:
   The names on which both the old account as well as the new account are registered,
   the barcode of the old account.
